ENGEL Symposium 09
close to the customer. open to innovation.

27 & 28
May 2009
St. Valentin, Austria

ENGEL
be the first.

close to the customer. open to innovation.

Closing. Opening. In the injection moulding cycle, these two movements are often just a few seconds apart. Seconds that are jam packed with state-of-art engineering, high-tech and precision. But still – motivated by our drive towards perfection and to improving efficiency – we constantly work on further

optimisation of this process. The results: even shorter cycle times, lower energy consumption and improved production output.

close to the customer. **open** to innovation. We deliberately chose this analogy to the injection moulding process as the keynote of our symposium. Because customer proximity and openness to innovation can be regarded as part of a cycle: being close to the customer and knowing the customer's specific market requirements is the basis for innovation. And innovations that improve cost-effectiveness and efficiency take us even closer to the customer. We intend to keep this cycle in full swing in the future, too.

The ENGEL Symposium is the ideal platform for a mutually beneficial exchange of ideas. Use this meeting to immerse yourself in the latest developments in injection moulding technology. But also to take a look at the future – and experience the trends in the plastics industry at first hand. Our keynote roadmap gives you ample opportunity to do so.

We look forward to interesting talks with you and bid you a hearty welcome to St. Valentin. Our works doors for you are **open**.

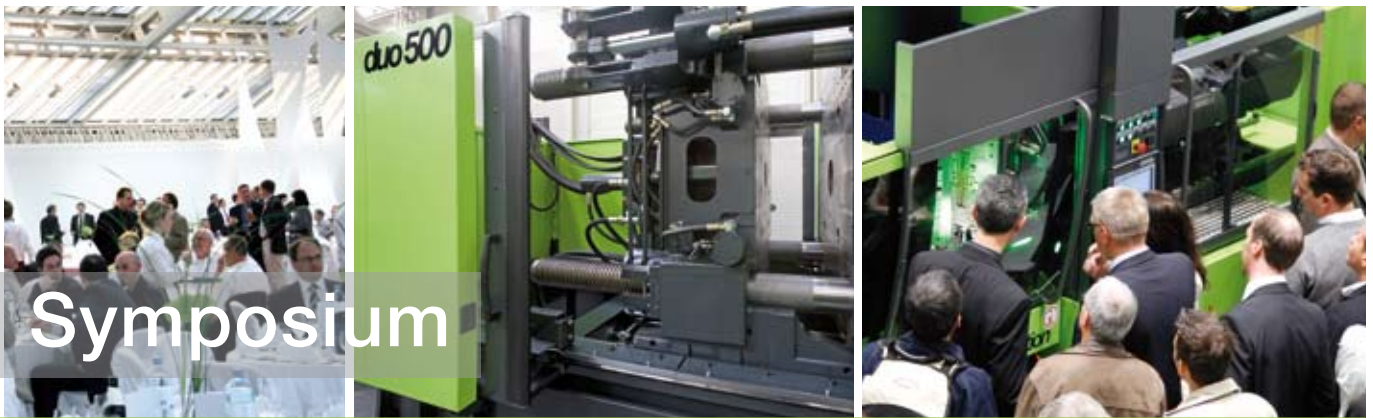

Peter Neumann
CEO ENGEL Holding

ENGEL Symposium 09

close to the customer. open to innovation.

Welcome!

In recent years, the ENGEL Symposium has become one of the most important expert meetings in the injection moulding industry. This year, we have once again compiled a comprehensive programme for you - jam-packed with innovations. In line with our motto of „close to the customer. open to innovation“, we will be presenting machines for our five major markets: automotive, packaging, teletronics, medical and technical moulding.

Symposium

27 & 28
May 2009

Future trends, innovation and customer proximity are the major topics that make up the leitmotiv of our programme of talks. One of the highlights: The presentation of the ENGEL HL AWARD 2009, the prize for the most economical and innovative application on tie bar-less injection moulding machines.

Take this opportunity – particularly at this time of change – to experience injection moulding innovations at first hand, innovations that help you improve cost-effectiveness and efficiency in your own injection moulding production.

We are very pleased to invite you! And we look forward to welcoming you to St. Valentin!

Your ENGEL Team

In-House Fair

27 & 28
May 2009

ENGEL large-scale machine works / St. Valentin
Presentation of the exhibits from 9.00 to 17.00 hrs

open to innovation.

Immerse yourself in the world of ENGEL! And convince yourself of the performance capability and energy efficiency of our injection moulding solutions. We will be exhibiting a representative cross-section of the ENGEL product portfolio – jam packed with innovations that give you economic injection moulding to the max: from the fully-electric compact machine through to large-scale machines with sophisticated multiple component injection moulding.

close to the customer.

Different industries need different solutions. Tailor made solutions. See for yourself! We will be presenting machines for our five major markets: **automotive, packaging, teletronics, medical** and **technical moulding**.

Partner Fair

Take this opportunity to experience innovations by our partners in the fields of raw materials, moulds, engineering, financing and peripherals. The Partner Fair, which takes place at the same time, is the ideal venue for doing so.

ENGEL Symposium 09

close to the customer. open to innovation.

Talks

27 & 28
May 2009

ENGEL large-scale machine works / St.Valentin
9.00 to 12.00 hrs and 14.00 to 17.00 hrs

You can listen to each talk either in the morning or in the afternoon.

- > Talks on 27 May: **German** (simultaneous interpreting available for various languages)
- > Talks on 28 May: **English** (simultaneous interpreting available for various languages)

27 May - German | 28 May - English

	<i>morning</i>	<i>afternoon</i>	
	09.00	14.00	Welcome / Introduction Peter Neumann, CEO ENGEL Holding
	09.20	14.20	Future Mega Trends: Spotlight on the Plastics Industry Christopher Stillings, Bayer MaterialScience AG
	09.45	14.45	Inspiration for Innovation: Chances for New Technologies and Machine Concepts Georg Steinbichler, Head of Research and Development, ENGEL AUSTRIA GmbH
	10.10	15.10	Coffee Break
	10.30	15.30	Maximum Cost-effectiveness with Minimum Energy Consumption Panel discussion: ENGEL experts offer solutions
	11.30	16.30	Airbag Cover ≠ Mobile Phone Cover: Different Industries Need Different Solutions Christoph Lhota, Vice President Business Unit medical, ENGEL AUSTRIA GmbH
	<i>morning</i>	<i>afternoon</i>	

Evening-Event 27 May 2009

Design Center / Linz
Evening-Event 19.30 hrs followed by the presentation of the ENGEL HL-AWARDS

Evening-Event including presentation of the HL-AWARDS 2009

After a day full of innovations, the motto of our evening event is also innovation: take part in the presentation of the ENGEL HL-AWARDS 2009! This prestigious prize is awarded for the most economical and innovative application on tie bar-less injection moulding machines. The winning projects will be shown in short documentaries.

Relax at the end of the day and look forward to an attractive dinner with Austrian wine specialties in a stylish atmosphere.

ENGEL Symposium 09

close to the customer. open to innovation.

We look forward to welcoming you!

Registration

Please use the attached registration form, which you can return to us by mail, fax or email. The final date for your registration is **31 March 2009**.

Do you need a hotel?

If you need a hotel for the duration of the event, we would be pleased to book it for you.

Incidentally: You can use our convenient shuttle service between the hotel and the venues in St. Valentin and Linz!

Be our guest!

Participation in the ENGEL Symposium 09 is free of charge. Participants only need to cover the cost of travel and accommodation.

Plastics. Art. Culture

Linz is the European Capital of Culture 2009. Our tip: combine your visit to the ENGEL Symposium 09 with a visit to Linz, and enjoy the city's excellent art and cultural offerings! We would be pleased to suggest suitable accommodation from our Symposium hotel list.

Registration

Fax: +43 (50) 620 13831

Latest date for registration: 31 March, 2009

ENGEL Austria GmbH
Ludwig-Engel-Straße 1, 4311 Schwertberg, Austria
Attn. Gerlinde Scheider, gerlinde.scheider@engel.at

Yes! I will attend the ENGEL Symposium 09.

Please register me for the following activities:

- Wednesday, **27 May, 2009**: Presentations of Exhibits and Lectures in **German**, 9.00-17.00 hrs
- Wednesday, **27 May, 2009**: Evening-Event followed by the presentation of the ENGEL HL-AWARDS 2009, start 19.30 hrs
- Thursday, **28 May, 2009**: Presentations of Exhibits and Lectures in **English**, 9.00-17.00 hrs

I will be arriving by:

- Car
- Train
- Plane / Flight Nr.: _____
